(1) Small Cap stocks are more susceptible to market volatility because smaller companies may not have the management experience, financial resources, product diversification and competitive strengths of larger companies. Additionally, smaller company stocks tend to be sold less often and in smaller amounts than larger company stocks.

(2) Foreign investments present additional risks due to currency fluctuations, economic and political factors, government regulations, differences in accounting standards and other factors. Investments in emerging markets involve even greater risks.

(5) The UMB Scout World Wide Fund name was changed to UMB Scout International Fund on October 31, 2006, and changed to Scout International Fund 07/01/2009.

(6) The UMB Scout Stock Fund name changed to Scout Stock Fund 07/01/2009.
