You should consider the Funds investment objectives, risks, charges and expenses carefully before investing. For a prospectus, which contains this and other information about the Funds call 1-800-996-2862 or visit www.scoutfunds.com. Please read the prospectus carefully before investing.

Foreign investment present additional risks due to currency fluctuations, economic and political factors, lower liquidity, government regulations, differences in securities regulations and accounting standards, possible changes in taxation, limited public information and other factors. The risks are magnified in countries with emerging markets, since these countries may have relatively unstable governments and less established markets and economies.

Due to the limited focus of this fund, the Scout Small Cap Fund is more susceptible to market volatility because smaller companies may not have the management experience, financial resources, product diversification and competitive strengths of larger companies. Additionally, smaller company stocks tend to be sold less often and in smaller amounts than larger company stocks. Prior to July 2, 2001, the Fund was known as the UMB Scout Regional Fund and was managed in accordance with a different investment objective and strategy.

The Scout Mid Cap Fund invests primarily in mid-cap stocks and therefore is subject to the possibility that mid-cap stocks may temporarily fall out of favor or perform poorly relative to other types of investments. While stocks of mid-cap companies may be slightly less volatile than those of small-cap companies, they still involve substantial risk.

The Scout Stock Fund invests in equity securities, which are subject to market, economic and business risks that will cause their prices to fluctuate over time, sometimes rapidly and unpredictably. Prior to April 1, 2005, the Fund was managed in accordance with a different investment strategy.

Please note that these are only estimates and do not include final tax adjustments. The estimates are subject to change.

The return of principal in a bond fund is not guaranteed. Bond funds have the same interest rate, inflation and credit risks that are associated with underlying bonds owned by the fund. Mortgage-and Asset-Backed Securities are subject to prepayment risk and the risk of default on the underlying mortgages or other assets. Credit default swaps and related instruments are subject to liquidity and credit risks. High yield securities involve greater risk than investment grade securities and tend to be more sensitive to economic conditions and credit risk. Prior to March 11, 2011, the Scout Core Bond Fund was known as the Scout Bond Fund.

The information is not intended to provide and should not be relied on for accounting, legal and tax advice or investment recommendations. Please note that these are only estimates and do not include final tax adjustments. The estimates are subject to change.

The Scout Funds are distributed by UMB Distribution Services, LLC, Milwaukee, WI, an affiliate of UMB Financial Corporation. Scout Investments, Inc., a subsidiary of UMB Financial Corp., serves as investment adviser to the Scout Funds.

"Scout," and the Scout design are registered service marks of UMB Financial Corporation.
